

PROJECT ARCHITECT

POSITION SUMMARY

The Architectural Team, Inc. (TAT), an award winning, Boston-area master planning, architecture and interior design firm, seeks a creative, enthusiastic, and client service-oriented Project Architect.

The successful candidate must have 2-8 years of experience working on projects from schematic design through the development of construction documents and exhibit strong design and technical expertise, excellent time management skills and the ability to balance immediate deadlines and long-term goals. In this role, you will be asked to assist with, or manage, projects of varying complexity with keen attention to detail. An upbeat, enthusiastic, and positive attitude is essential.

ROLE QUALIFICATIONS

- Bachelors or Masters Degree in Architecture
- Registration preferred but not required
- Solid knowledge of AutoCAD is a must, Revit experience highly preferred
- Experience with mixed-use, multifamily, historic preservation, adaptive reuse, and high-profile commercial work preferable
- Must be a strong collaborator and have the flexibility to travel

BENEFITS

The Architectural Team, located on the waterfront in Chelsea's Admiral's Hill neighborhood, offers employees a competitive compensation package including health benefits, 401k, free parking, health club membership contribution, and a collegial, energetic work environment. The Architectural Team, Inc., is an Equal Opportunity Employer.

APPLICATION DETAILS

Interested applicants who meet all of the required criteria should send a resume, salary requirements, 2-3 work samples and a cover letter specifying your particular interest in working with TAT to hr@architecturalteam.com. No phone calls please. Candidates who do not include salary requirements and a cover letter will not be considered.

Candidates selected for an interview will be asked to bring a portfolio of their work.
